Altro Walls ShowerKit™

Transforming spaces in wet rooms and bathrooms

Altro Walls ShowerKit

Altro Walls ShowerKit enables you to transform the appearance of bathrooms without undertaking extensive renovations, saving both time and money in refurbishment or new build projects. Without the need for grout – where stains and mould can be a problem - Altro Walls ShowerKit looks good from installation and beyond.

Simple to install, available with a range of matching trims Altro Walls ShowerKit is suitable for use by both professional installers and experienced DIYers.

Altro Walls ShowerKit creates a water-resistant, durable and easy to clean surface eliminating the need for costly and time-consuming tile removal.

Altro Walls ShowerKit, suitable for residential bathrooms and wet rooms, simplifies and provides ease of installation. Helping to create a neutral and clean appearance, or a contemporary ambience, Altro Walls ShowerKit is available in a range of colours and designs and can be installed over existing ceramic tiles.

Unlike traditional wall solutions, Altro Walls ShowerKit removes the need for specialised installation, making it an ideal choice for both residential and light commercial settings. With its innovative design, Altro Walls ShowerKit significantly reduces installation time and effort, returning areas to use faster, streamlining the overall construction process and minimising disruption to tenants.

Available in a range of colours and tile-effect designs, Altro Walls ShowerKit offers limitless design possibilities to complement any style or theme.

Save time, save money with Altro Walls ShowerKit

Reduce time

A ceramic tile installation is a meticulous process that demands preparation, time and precision to ensure a flawless finish. Moreover, waiting for adhesive and grout to properly set before moving on to the next steps adds to project time.

Altro Walls ShowerKit reduces installation time by over 60% compared to ceramic tiles, and removes the need for resource-heavy preparation, with the ability to install directly over ceramic tiles.

Save money

Manufactured in the UK, Altro Walls ShowerKit provides a sealed, watertight system for enhanced safety and hygiene. Compared with standard grouting, Altro Walls ShowerKit doesn't absorb a drop of water or compromise hygiene:

- waterproof - impervious, non-absorbent
- washable, easy to clean
- withstands temperature extremes
- sealed and hygienic
- quick, easy installation
- can be installed over tiles

10 year product guarantee

Our integrated system offers a wide range of colours and finishes from clean white through to our decorative colour, gloss and design options providing a range of high-design finishes giving elegance and durability.

Altro Walls ShowerKit impact test

Conquering common tile problems

Ceramic tiles can give you maintenance problems that Altro Walls ShowerKit doesn't. Staining, grout cracking and individual tile failure are common issues but with our Altro Walls ShowerKit system there is less need to spend time and money inspecting and repairing surfaces.

Perfect partners

Finding the perfect partnership between floor and wall coverings can be difficult, with the risk that the selected products may fail. Complete the look with Altro specialist safety floors for wet rooms and bathrooms. Altro Aquarius, Altro Pisces and Altro Oceanis keep your risk of slipping to one in a million, giving you peace of mind with a wide range of natural stone, wood-effect, and mineral designs.

Did you know?
Altro Walls ShowerKit saves over 60% installation time compared to ceramic tiles

Available colours and tile designs

Altro Whiterock™ wall designs

With natural wood, minerals, weaves, concretes and marble options, Altro Whiterock wall designs give an elegance to interior walls while providing the durability you expect from an Altro Whiterock wall sheet.

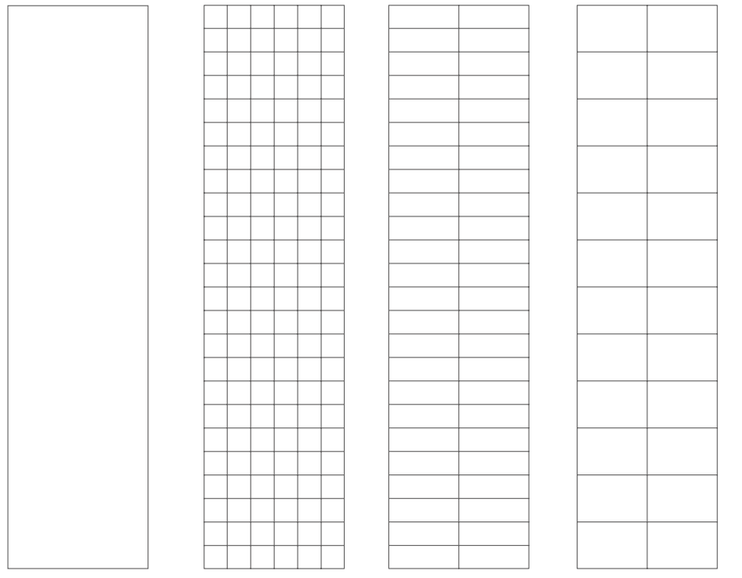

Available in tile-effect designs, and 14 natural decorative styles, Altro Whiterock wall designs are perfect for general circulation areas as well as wet environments such as bathrooms and spas, creating a design focal point.

Fitted like an Altro Whiterock sheet, Altro Whiterock wall designs can be hot welded and combined with Altro floors for a fully sealed, impervious solution for non-critical hygiene environments.

Matching silicone sealants are available, as well as nine co-ordinating and contrasting Altro Whiterock trims.

Available colours and tile designs

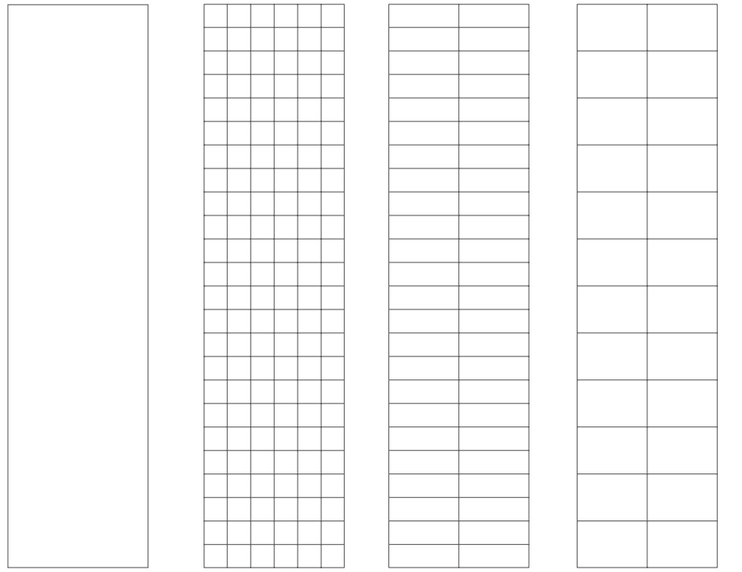

Altro Whiterock White™ / Altro Whiterock Satins™

Utilise colour to subtly create a mood with Altro Whiterock Satins. This adaptable and refined wall cladding comes in various tile-effect designs, off-white hues, tonal colours, and solid, decorative shades, ranging from calming and restorative to vibrant and dynamic. In addition to LRVs, we've also measured the chroma values to help you choose the best colour.

Of course, Altro Whiterock Satins still provides the impact resistance and hygiene you would expect from Altro Whiterock, with a stain-resistant, wipe-clean surface. Altro Whiterock Satins can be combined with Altro non-sparkle safety flooring to achieve the required Light Reflectance Value difference needed for the requirements of the Equality Act 2010.

How it works

Can be fitted over differing substrates, including existing tiles with no need to wait for specialist trades on-site:

- installed in a grid chevron pattern using AltroFix MP600, a fast-curing multipurpose MS-Polymer, providing a tough and robust finished surface
- joints between sheets are sealed using a new and unique backplate trim ensuring a watertight and impervious wall finish
- internal / external corners, edges and joints to baths and shower trays can be finished using a range of accessories achieving a long-lasting and modern solution

Full installation instructions can be found on the Altro website www.altro.com

Kit contents

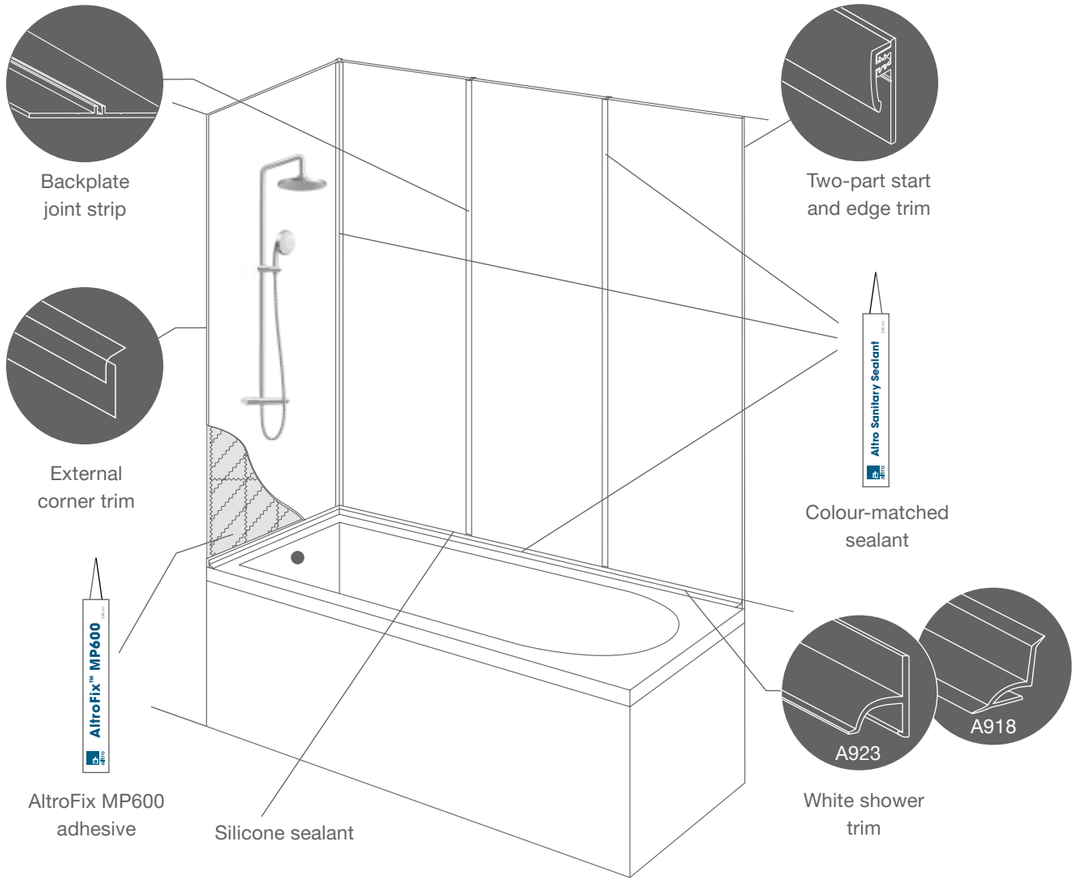

1. Sheet 600mm x 2.4m
2. AltroFix MP600 adhesive
3. Colour-matched sealant
4. Backplate joint strip

5a / 5b. White shower trim

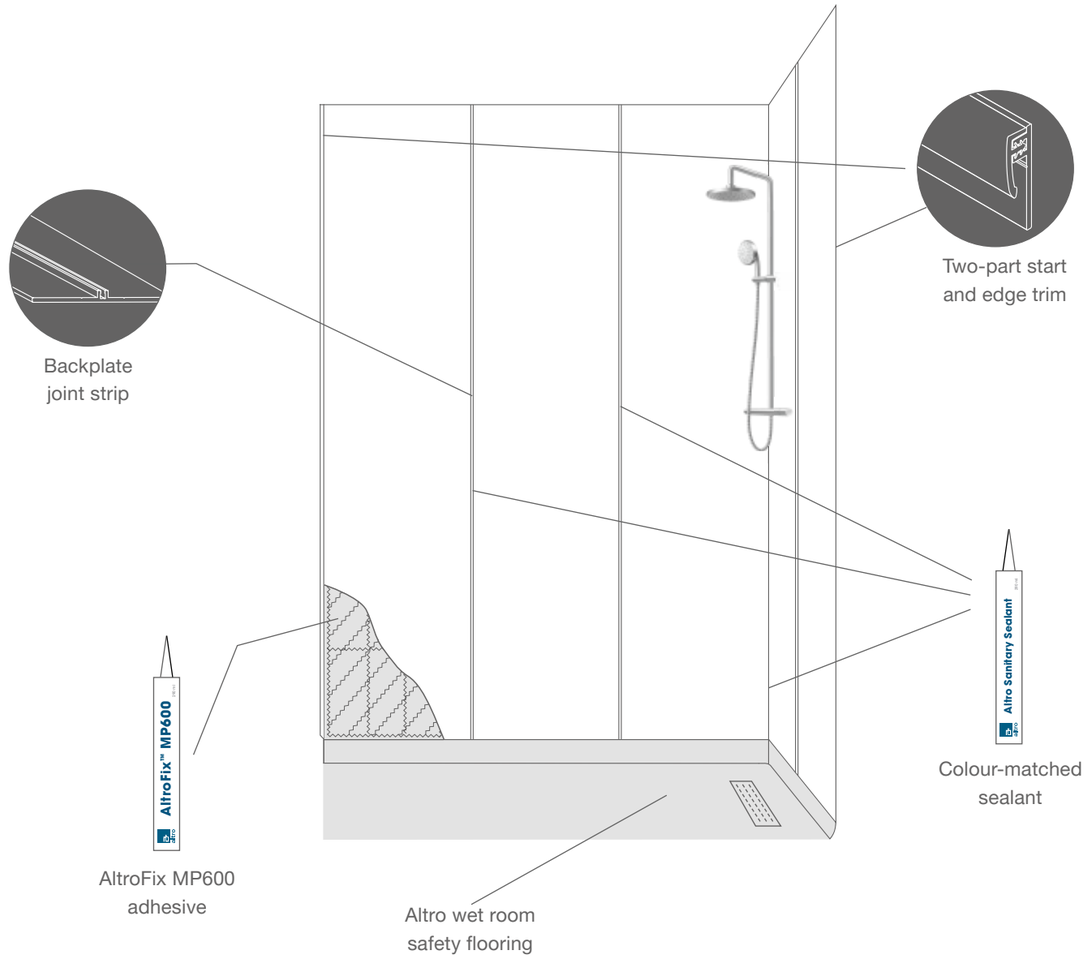

6. External corner trim
7. Two-part start and edge trim
